

Life Climatree Final Conference
"Managing tree cultivations for Climate Mitigation"
22 October 2020

AGENDA

09:30-12:30 Greek Section*

- | | |
|---------------|--|
| 09:30- 09:45 | Welcome by Green Fund and LIFE authorities |
| 09:45 -10:00 | The CLIMATREE project. Managing tree cultivation for Climate mitigation
Prof. Kostas Bithas. Coordinator. (UHER. Panteion University) |
| 10:00 –10:15 | Estimating the CO₂ sequestration by tree crops. An e-tool with multiple uses.
Dr. Ioannis Spanos. (TERRA NOVA Ltd. Environmental Engineering Consultancy) |
| 10:15 -10:30 | A geophysical model for estimating CO₂ balance in tree crops
Prof. Angelos Mimis (UHER. Panteion University) |
| 10:30 -10:45 | Climate initiatives of the Bank of Greece and the project Life-IP AdartInGR
Theodora Antonakaki (Bank of Greece) |
| 10:45 –11: 00 | Mitigation rich cultivation practices in the context of the forthcoming CAP
Prof. Petros Roussos (Agricultural University of Athens) |
| 11:00 – 11:15 | Economic Valuation of CO₂ sequestration by tree cultivation
Prof. Dionisis Latinopoulos (Aristotle University of Thessaloniki) |

* Greek time zone

11:15 – 11:30

Policy implications of Climatree

Prof. Serkos Haroutounian (Agricultural University of Athens)

11:30 – 12:30

Discussion

13:00-16:30 European Section*

13:00 – 13:15

Welcome by LIFE Authorities

13:15 – 13:30

The CLIMATREE project. Managing tree cultivation for Climate mitigation

Prof. Kostas Bithas. Coordinator. (UHER. Panteion University)

13:30 – 13:45

Estimating the CO₂ sequestration by tree crops. An e-tool with multiple uses

Dr. Ioannis Spanos. (TERRA NOVA Ltd. Environmental Engineering Consultancy)

13:45 – 14:00

A geophysical model for estimating CO₂ balance in tree crops

Prof. Angelos Mimis (UHER. Panteion University)

14:00 – 14:15

Mitigation rich cultivation practices in the context of the forthcoming CAP

Prof. Petros Roussos (Agricultural University of Athens)

14:15 – 14:30

Carbon fluxes in tree crops: field, ecosystem and global perspective

Prof. Giuseppe Montanaro (Università degli Studi della Basilicata)

14:30 – 14:45

Trade-offs between CO₂ carbon storage and water use in semi-arid woody perennial agro-ecosystems

Dr. Diego Intrigliolo (Spanish National Research Council CSIC)

* Greek time zone
